

Vaio W launched VN market for more than 10 million dong

Sony Vietnam has just launched this mini laptop with 3 colors white, pink, brown, priced at 10,990,000 VND.

Sony Vietnam has just launched this mini laptop with 3 colors white, pink, brown, priced at 10,990,000 VND .

Vaio series W collection has 3 fashionable colors.

Having a slender shape and rounded corners to fit comfortably in the user's hand, Vaio W is suitable for surfing the web, receiving e-mail and communicating on virtual social networks. Attached accessories such as mouse and carrying case are also provided in the same color scheme.

Vaio W has a 10.1-inch widescreen display, LED technology, high resolution of 1366 x 768, allowing clear and pleasant display for the human eye, using web pages along with secondary windows for chatting video or other windows.

Vaio W has a fashion design suitable for young people.

The original Vaio Media plus software is integrated to help users easily manage their image and music files. Fast data transfer rates, such as pictures from cameras or music files from MP3 players, help quickly copy data over two USB ports. A built-in webcam and microphone allows users to video chat.

It has a spacious hard drive, 160 GB capacity, which helps to comfortably store images, music files, videos and other large file types. Vaio W preinstalled with Microsoft Windows XP Home Edition operating system.
