Errors related to VCRUNTIME140_1.dll

Errors related to VCRUNTIME140_1.dll can arise for a few different reasons. For example, a faulty application, the deleted or misplaced VCRUNTIME140_1.dll, is corrupted by malware present on the PC, or the Windows Registry crashes.

The most common error messages are:

1. The program can't start because vcruntime140_1.dll is missing from your computer. Try reinstalling the program to fix this problem.
2. There was a problem starting vcruntime140_1.dll. The specified module could not be found.
3. Error loading vcruntime140_1.dll. The specified module could not be found.
4. The code execution cannot proceed because vcruntime140_1.dll was not found. Reinstalling the program may fix this problem.
5. vcruntime140_1.dll is either not designed to run on Windows or it contains an error. Try installing the program again using the original installation media or contact your system administrator or the software vender for support.

In most cases, the solution is to properly reinstall VCRUNTIME140_1.dll on the PC to the Windows system directory. Also, some programs, especially PC games, require that the DLL file be placed in the game/application installation directory. Refer to the article: [How to fix VCRUNTIME140_1.dll not found, is missing error in Windows](#) for details.

Note: .DLL files from untrusted sources can be infected with viruses, so choose carefully where to download the VCRUNTIME140_1.dll file.
