

# Vietnam reached the top 10 countries with the most leaked Facebook information in the world

According to the latest information posted on Facebook's blog, there are about 427,446 Vietnamese Facebook users leaked information. This is just the number that Facebook estimates but it is enough for Vietnam to rank 9th in the ranking of 10 countries affected by information security.

According to the latest information posted on Facebook's blog, there are about 427,446 Vietnamese Facebook users leaked information. This is just the number that Facebook estimates but it is enough for Vietnam to rank 9th in the ranking of 10 countries affected by information security.

Of the more than 64 million accounts, 427,466 is not too big, but this is just the estimated account number in Facebook's information leak scandal with Cambridge Analytica. In fact, there are many other applications that have not been statistics.

Below is the ranking of the 10 most affected countries from the Cambridge Analytica data scandal (CA).

Photos: Newsroom Facebook.

At the top of the ranking of 87 million users was revealed to be the US with 70.6 million accounts, followed by the Philippines with 1.7 million.
