

# Want more 2GB of free lifetime storage on Google Drive? Spend 5, no, just 2 minutes

In order to promote Safer Internet Day 2016, Google will give away 2GB of Google Drive account if you give up 2 minutes to perform security checks for your account.

In order to promote Safer Internet Day 2016, Google will give away 2GB of Google Drive account if you give up 2 minutes to perform security checks for your account.

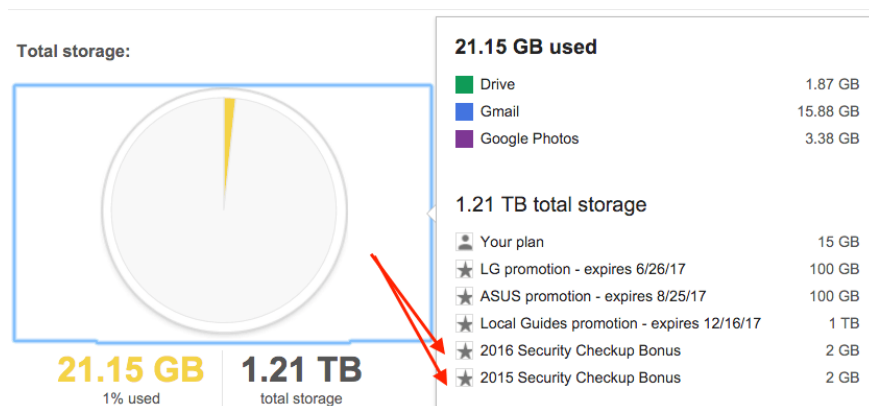

In fact, this is not the first time, remember that last year on this occasion Google also organized a similar program, Safer Internet Day 2015, this time the same way. All you need to do is:

1. Go to the Google login page at: <https://security.google.com/settings/security/secureaccount?pli=1>
2. Check the information you have entered correctly (backup email address, phone number, .)

That's all, this process takes almost no more than two minutes. When completed, Google will notice as shown above, notice the last line, above the button **Continue to account settings** is visible, or you can check in **Total storage** .

And the good point: if you have done this in 2015, please do it again, Google will generously send you 2GB of free storage too.

Good luck!
