

Want to get rich, the most important thing is not money but liver

Sometimes to build a career, we do not need money but a mind ready to do everything to achieve great karma.

Sometimes, to make a big career, we often think that it will take a lot of money to do it. But in fact, this is not entirely true. Wanting to get rich sometimes money is not as important as a mind willing to fight to achieve a great career.

The old grandparents had the question that 'Yes, I have to do mandarins, have a rich heart', this statement is indeed not wrong, many people have money but they do not have liver, fear of loss and loss. So life is hard to be rich.

To help you have more spirit and confidence in your own abilities. The following statements hope to be a motivating force for you, which will help you accomplish that soon.

1. Be able to dare to think dare to decide your fortune

1. People with will, determination to get rich often do extraordinary things that many people cannot do. They can turn the impossibility of others into their own. It is these things that help them become more successful than people.
2. Dare to fight with everything, every opportunity that they themselves have, don't mind or refuse any chance. Perhaps those opportunities are the door to success.
3. The path to success is never full of roses, it has difficulties, obstacles and challenges, those who have the courage to continue on those roads, the last stop will be successful and happy.
4. Fear of facing failure, fear of difficulty, this means that you are refusing to succeed with yourself. So never dream of being successful when you don't dare to do anything.
5. Want to know the sweet taste of fruit, never ask others. You must be the one who tasted it to know its taste.

2. Opportunity comes from assertiveness

1. A charismatic person often does not hesitate to face difficulties. Young men, the great staff, can say that they can do it.
2. People who are always hesitant, always procrastinate will be hesitant when they come to you.
3. When you do something that does not belong to you, it is very close to you.
4. Strong people, no matter how difficult they are, don't matter to them. They do not consider it difficult to face but as an opportunity for them to express themselves.
5. Don't just because the words "if, the price" affect your important decisions.
6. This life sometimes makes a decision even if it is wrong, but it is more than a lifetime to decide for yourself.
7. You are still alive, there is definitely a chance. Opportunities are only lost when people die.

3. Successful people always hope to 'definitely have to' succeed

1. Never say "I want to succeed or I wish I were successful" because you will never achieve. You want to be successful and make sure that "I will definitely" succeed.
2. Do not because the family is not rich but self-condemned, blaming their failures. All because you decide everything.

3. Acting positively, working hard to make sure the success rate will increase with your efforts.
4. Attitude determines high-level, efforts to decide defeat.
5. The experiences that others don't have will make you a different future.
6. Want to cross the wall you need to throw your hat over the wall first.

4. Judgment is the door to success

1. Wealthy people never fear making decisions. They always believed that their decisions were always right.
2. Tai is always around each of us. Only that you want to find and discover them?
3. Let's turn every inch into a inch of gold, not let the earth be forever.
4. To succeed, it is imperative that you abandon normal pleasures
5. Strong will and clear goals will help you become a talented planner.
6. To reduce the error rate, the best method is to reduce the failure rate.
7. The sixth sense of business is due to the accumulation of long-term experience, not the birth.

5. Genius begins with creativity

1. Surrender all means you have lagged behind in this life.
2. Work and think in a new, more scientific way.
3. If a person has the courage of a fool, it proves that he is very creative.
4. The last survivor is not the strongest, but the one who likes to have the best adaptability.
5. Courage to decide success, ambition to decide the scale.
6. Everyone does not dare to do it is the time you should do.
7. Successful people never pay attention to the attitudes of others when working.

6. Successful people always borrow the wisdom of others

1. Successful people know how to use the wisdom of others.
2. Avoid contact with small people, communicate more with successful people.
3. Unconscious adventures only make things more serious.
4. Once done, you need to be careful
5. You don't have to have great intelligence, but you definitely need to know how to promote all your strengths.
6. Selling stationery is not necessarily higher than selling eggs of duck eggs.
7. Business people always have the wisdom to survive in the street

7. Principles of leaders: Striving for your goals

1. A real businessman is not only a person with good management skills but also a large liver.
2. Being a leader is not only solemn for employees, but also for people who are good leaders.
3. Instead of putting pressure on employees, forcing them to work hard to scare employees, you should motivate employees to make them feel comfortable, they will also work harder now.
4. Want people to follow your ideas, you need to have great courage.
5. As a boss, trust your employees, give them important mission responsibilities, so they will trust you.

6. Either work for me, or leave the company immediately.

8. Still confident in fear

1. Don't ever let your fear overwhelm you, it can be a knife to kill you.
2. You may be afraid but don't let that fear show on your face. It will make the enemy know you are scared.
3. Forward! Forward! Countinues forward!
4. If you want to be successful, face your fears, then you'll find yourself much stronger.
5. What will be the worst outcome
6. Nothing is of course a failure, only a temporary success
7. Success never appears first, it will be at the end of the path you go to it.

9. Doing my best is also a success

1. To live is to have a goal to strive for, to achieve it, so set your goals and try to achieve it. Don't ever live without a goal, now your life will be very tasteless.
2. Working to earn money to serve yourself and your life later.
3. There's always a strong competitor competing with you, it's a blessing, don't think it's bad luck.
4. Only a fool would be afraid to become a fool
5. Never give in and subdue to anyone. That shows you are weak.
6. If soldiers do not have the dream to become marshal, their life is only a pawn forever.

Having fun!
