

What if Googe, Facebook, ... were born in 1980?

Recently, Thomas Olliver, a creative director, has created very popular things like Googel, Facebook, Spotify, ... with a retro style in the 80s. Let's see to see if the current popular applications were born in 1980 they will be okay.

Currently, the Internet is a necessity in life. But backwards 38 years ago, by the 1980s, the Internet was still something strange to many people around the world. At that time, the Internet was still 'rudimentary' without many websites, social networks, and so on. Recently, Thomas Olliver, a creative director, has created very popular things like Googel, Facebook, Spotify, . with a retro style in the 80s. Let's see to see if the current popular applications were born in 1980 they will be okay.

1. Google

2. Spotify

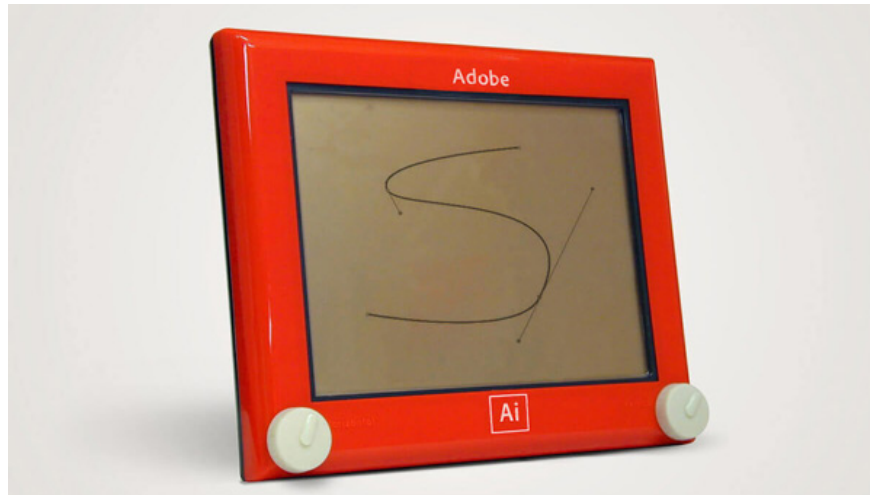

3. Instagram

4. Facebook

5. Adobe Illustrator

6. Netflix

7. Whatsapp

8. Snapchat
