

What is Ingame? Meaning of Ingame in popular games

HACOM answers the question of what is Ingame, how to name Ingame simply and the great meaning of Ingame in popular games today.

The term Ingame is probably no longer too strange to professional gamers, but not everyone knows **what Ingame is** ? So let's learn about this concept with HACOM as well as the meanings that Ingame brings to users.

What is Ingame?

"Ingame" is a term widely used in the field of video games and is quite familiar to the gaming community. For each field or in different games, Ingame is understood in its own way.

What is Ingame in the game Lien Quan?

In Mobile Alliance, Ingame is understood as the part of the game that is taking place in the virtual world with matches with other players that you participate in. This concept refers to the time and space in the game where you control the character participating in matches with teammates.

To enter the Ingame Lien Quan state, you need to choose a general to join the battle with other players in the game. From there, use your own method to lead the general to conquer and destroy the enemy. You can rely on the map to see where your teammates and enemies are located to come up with the most effective combat strategy.
