

What is passion? What is pervert?

Aestheticism is a genre of romantic stories that follow the sentimental direction between men and women, originating from China.

Aesthetic novels are no longer a strange concept for most young people today, especially in the LGBT community. Just like the encyclopedia, gossip novels originated from China and then imported to other countries, including Vietnam. Besides the concept of aesthetic, there are many general terms for this type of novel that many people may not know when reading and reading this type of story. So what is aloe vera and what are the specialized terms for aloe vera fiction?

1. What is hue? Other meanings of the department
2. What is fog? Makeup dew hot trend of young people
3. What is drama? Drama refers to someone
4. What is lol? LOL should understand how true

1. What is aesthetics?

As mentioned above, passion is a genre of romantic fiction, focusing on exploiting the love story of the male and female couples. The word comes from China, passion means passion, beauty means beauty.

This genre when entering Japan is called Yaoi and Sh?nen-ai. In Taiwan, this novel is called Boy's Love. Those who read fantasy novels will be called women and men.

The main character in the gossip is Cong, who plays a strong role for men, also known as Top / Seme or 1 and Thu, who plays a weak role also known as Bottom / Uke or 0.

2. Types of fine fantasy story

Aesthetic aesthetics in reverse

This type of reverse-fiction theory has sad content, which can be literally upside down physically or mentally.
