After running away from that aggressive monster, you have finally escaped it. While you are struggling to find your way out, you come across a mysterious room containing a transparent box, inside is an extremely adorable doll. Out of curiosity, you opened that box, suddenly the doll inside came to life and began to release the dark power contained within it. After so much has happened, the terrible nightmare has only just begun. There are many scary things waiting for you behind.

# Game Poppy Playtime

**Poppy Playtime** is one of the extremely interesting games, bringing players many emotions. Let's learn more about this game below!

## 1. How to play

The player will play the main character and begin to search and collect clues to get more information and know what happened in the factory. Players search for clues using support items. Through the clues that players collect, they will use them to solve puzzles to find a way out. In case the monster discovers it, what you need to do now is run away to try to cut off the monster.
