The meaning of the word 'Selfie'

What is selfie? Selfie is an acronym for the phrase Self-Portrait Photo. Selfie is the keyword of 2013, published by Oxford Dictionary on November 17, 2013, surpassing the fierce competition of the word ' *Twerk* '.

' *Selfie* ' is defined as follows: ' *A self-taken photo of yourself, usually taken by a smartphone, webcam or other technology product . then posted and shared at Social site* '. In Vietnam, the word' *Selfie* 'is also understood as an act of taking a *selfie* .

According to Oxford Dictionary, the word ' *Selfie* ' has been used by users more than 17,000% for 12 months and is considered a record in the English language. Also in 2013, the word " *Selfie* " is widely used by users and developed as a popular keyword of social networks when it comes to taking personal photos and sharing the community.

Editorial Director of Oxford Dictionary - Mr. Judy Pearsall said that " *Our language research program collects about 150 million words used in English every month. The research process shows how often The word Selfie in the English language has increased to 17,000% since last year .* "

The word ' *Selfie* ' appeared for the first time in an article on an Australian forum in September 2002. However, it took 13 years for the majority of users to know the word ' *Selfie* '.

The meaning of the word "Wefie"

Wefie stands for We Selfie (*Selfie group*). It can be said that the word " *Wefie* " is a " *variant* " of the keyword ' *Selfie* '.

Continuing the " *whirlwind Selfie* " in 2013 and this keyword is still " *raging* " on social networking sites in 2014. "Photographers" have been "raising" *the* movement of selfie photography. On a new, higher, more creative, more interesting lever, it is Wefie, a selfie photography movement with many people at the same time, also known as group photography, with many people.

The photo was taken under the "Wefie" genre, an impressive group of people. (Photo twitter.com)

Difference between "selfie" and "wefie"

If you take a photo of ' *Selfie* ' then you almost appear alone in the photo, expressing your emotions on the photo sometimes is not as you want, perhaps affected by many different objective factors. . It is also possible to take photos, you will not feel confident with the picture taken and are afraid to share with friends or community .

Taking photos of " *Wefie* " is increasingly loved by many young people. The more group photos, the more crowded the more fun, the more people laugh at the feeling. Unlike " *selfie* " taking the photographer as the center of the picture, " *Wefie* " allows the whole group to express their collective spirit, cohesion by expressing through the emotions. face, use the same uniform or a feature that everyone has.

"Wefie" allows your whole group to freely express their collective spirit .

The unique " *childish* " moments, the " *nature* " of the group's image in the future will become a memorable memory of the group. As a group, we can confidently share photos together, can even share more widely on popular social networking sites.
