The basics of TOEIC

TOEIC certificate stands for Test of English for International Communication - English test article for international communication. The TOEIC test is based on the test scores the test takers take to assess, categorize and reflect English language skills. The test results are valid for 2 years in many countries and are recognized by many educational organizations and businesses.

The TOEIC test program was created by the United States Educational Testing Service (ETS) in 1979. Up to now, the ETS organization has organized millions of tests around the world. In Vietnam, the TOEIC contest started in 2001, organized and granted by representatives of IIG Vietnam.

In the past, companies and businesses took English certificates at levels A, B, C to assess input staff. But in recent years, TOEIC has been replaced by English level certificates.
