

What is Troll? The true meaning of the troll word

Although used often, many people still do not fully understand what the word troll means. In this article, please answer with the Network Administrator.

Today thanks to the development of social networks, we can easily encounter many phrases and slang that are simplified by young people from English to Vietnamese to communicate with each other to help the conversation become short, compact, concise but still contains the full content that you want to convey to the opponent.

1. Make fake computer errors to troll friends
2. 4 virus fake troll friends extremely happy
3. 10 interesting April Fools jokes for tech people

Like other slang words, trolls are also phrases we easily find on Facebook or when playing the League of Legends. Although used often, many people still do not fully understand what the word troll means. In this article, please answer with the Network Administrator.

TROLL là gì?

Troll is mainly used to show the act of prying someone through messages, images, status, in the game . to bring laughter to everyone. People who often go to other trolls are called holy trolls.

In addition, the troll in the English sense means the evil giant or in Norse mythology is a sly-headed dwarf. In the English-American fairy tale, troll is an animal that often lives under bridges, and often jumps out to eat passers-by.

Here are some commonly used characters when you want to go troll others

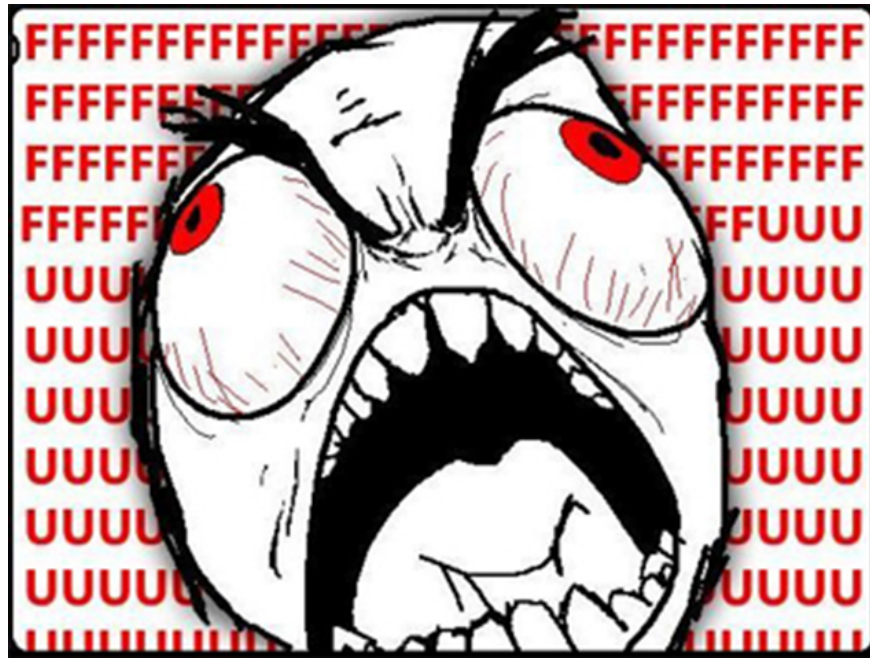

1. Trollface

problem?

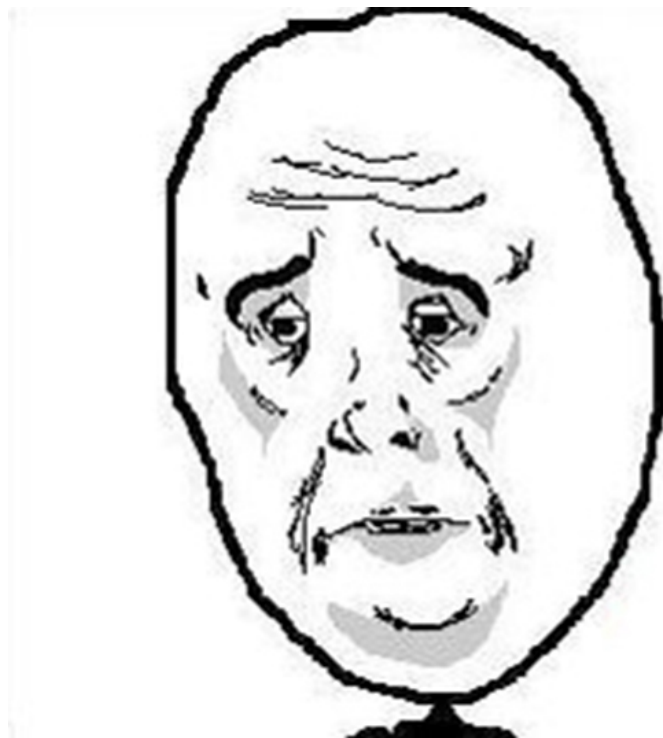

Certainly with the trolls, there is nothing strange about this image of 'Grumpy Old Man'. This is seen as a symbol for hoaxes on Facebook.

2. Rageguy

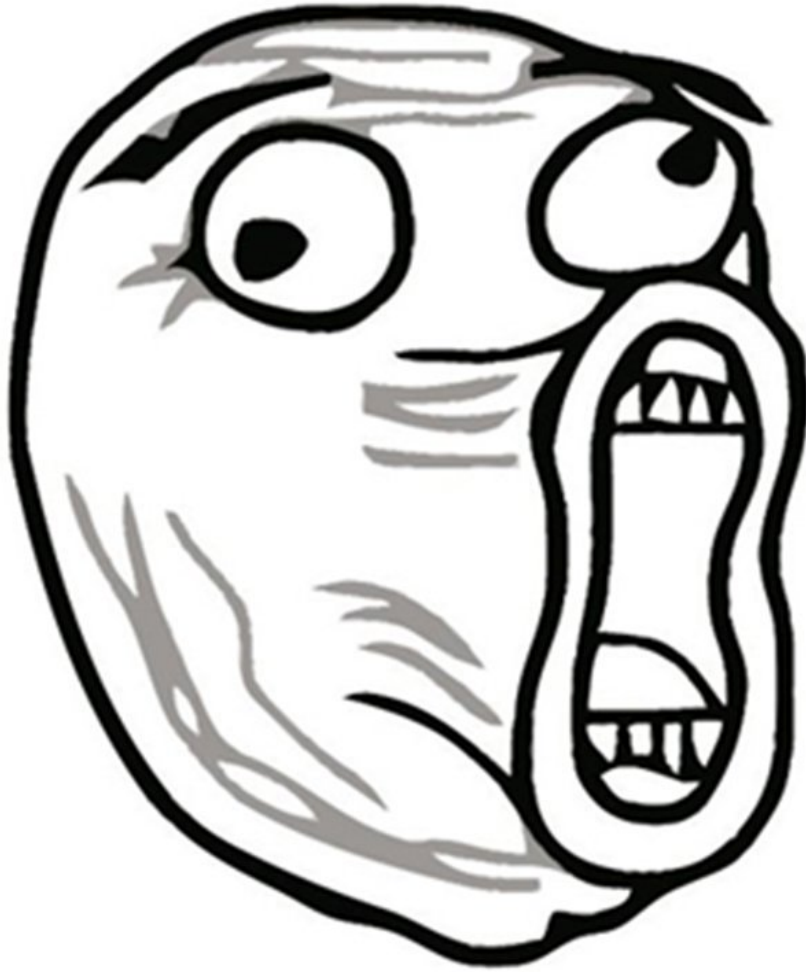

Rageguy pitiful symbol of troll victims. The face shows anger like screaming at those who have trolled themselves with eyes that fire fire. Rageguy can also 'transform' into ragegirl to suit the situation. The principle of this distorted, angry image is 7 'F' and 12 'U'.

3. Okay guy

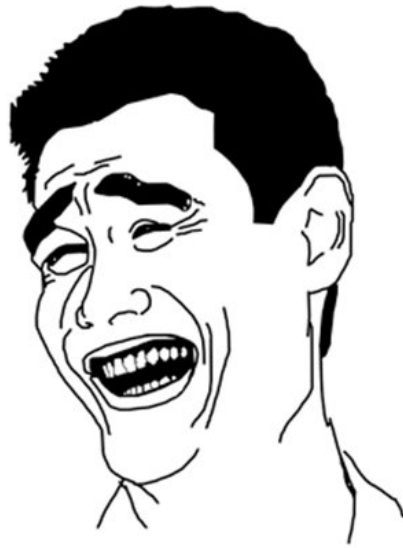

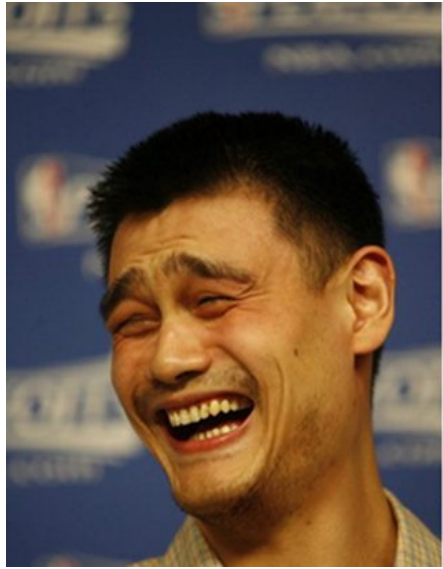

If rageguy shows how much anger he has, the victim of okay type only shows his "accepting fate to others troll" emotion. The face shows the helplessness of trolls with investment and careful calculation.

4. LOL guy

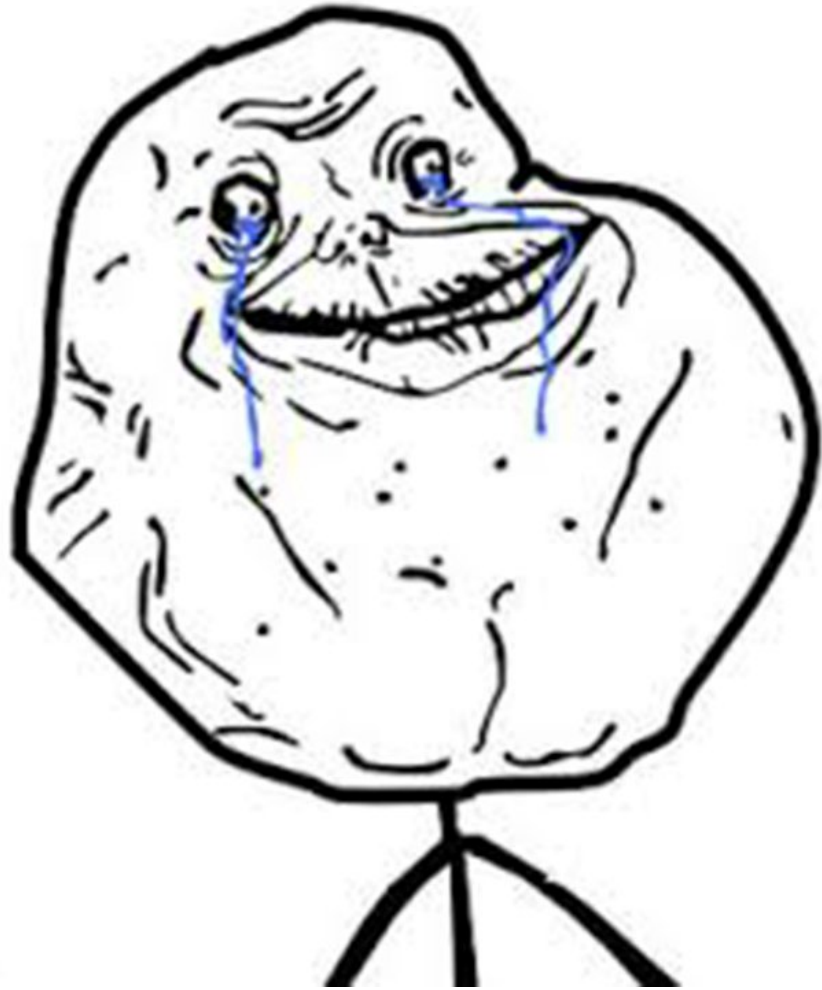

This face is considered a joker, laughing at rageguy. This is considered the third person to laugh and laugh at the victim's pain.

5. Yao Ming

Former Chinese basketball player Yao Ming, has become a victim of troll images with a smiley face as if he accidentally entered the television lens. After appearing, this image was quickly received by young people. This image is used to express emotions that can't be laughed, and we don't finish crying.

6. Forever Alone guy

The appearance of a "potato" that cried in April 2010 made the online community staggered. The image shows the emotion of laughing at tears to the FAs who are not looking at it.

7. Like A Boss

This guy with a 'parallel sky' face represents absolute confidence.
