

What is unisex?

Unisex is a term that does not appear everywhere but only in a certain field. So what is Unisex?

You probably hear the term Unisex without understanding what it is or what it is about. Unisex is a term used in the field of fashion, and is now considered a great success in the fashion industry. So when did the concept of Unisex appear and what role does it play in the fashion industry in the world?

What is unisex style?

Unisex is interpreted in the dictionary sense as **gender-neutral, and is suitable for both men and women** . This term when **applied to the fashion field** refers to items or dress suitable for both men and women.

The concept of Unisex, created in 1960, is now widely popular with designers with hundreds of unisex clothing models. However, at that time, people were still afraid to wear Unisex costumes because of ideological barriers. Eight years later, although Unisex fashion was concerned and had its performance on the Paris time floor, in fact, it was not very popular. Over the decades to 1990, the Unisex movement was really popular and to this day, it has spread to many countries around the world, including Vietnam.

This unisex style irrespective of class, creates a unique, strong, and attractive personality. Currently, Unisex clothing is very simple, such as wide form clothes, jeans, shorts, . or indispensable accessories such as

backpacks, bags, eyeglasses, hats . also constantly updated.

Some suggestions for unisex style

Genderless, irrespective of male and female is the criteria of Unisex but you also need to consider and choose carefully when looking to buy that item Unisex to coordinate with each other. Each item will fit together to create a more harmonious combination.

When choosing a shirt

Unisex-style shirts need to pay attention to the appropriate size, do not be too wide and must learn carefully about the collar. Men's shirts have a higher and tighter neckline than women's shirts. When you're a female, choose a shirt that is a little wide around the back and shoulders.

Jogger pants

With this jogger pants we need to pay attention to the size and seam from the waist to the end of the pants.

Jacket

Compared with the two types of costumes on the outside, the jacket is easier to choose, we can choose the types of Jackets and Hoodies because it is easy to wear, everyone can wear. Need to check carefully about the size before buying because these two types of shirts are relatively wide.

Accessories and shoes included

The accessories that come with unisex style should usually choose the simple type, the belt is also many people choose. Regarding shoes should also choose the right style for you and size is definitely something to consider.

Overall Unisex fashion is relatively easy to wear. The trend of Unisex changes from day to day, every time so the coordination is not too restrictive like stripping.
