What is Viettel Sim Internet?

It can be said that Viettel is the pioneer in deploying sim and using Internet sim in the community. Internet Viettel sim is also favored by this carrier for another name that is "3 no" sim, just like its name when using Internet sim, users will not need to remember the package name, do not need to remember the syntax of posting sign and not charge incurred charges if you cannot control the use of your data.

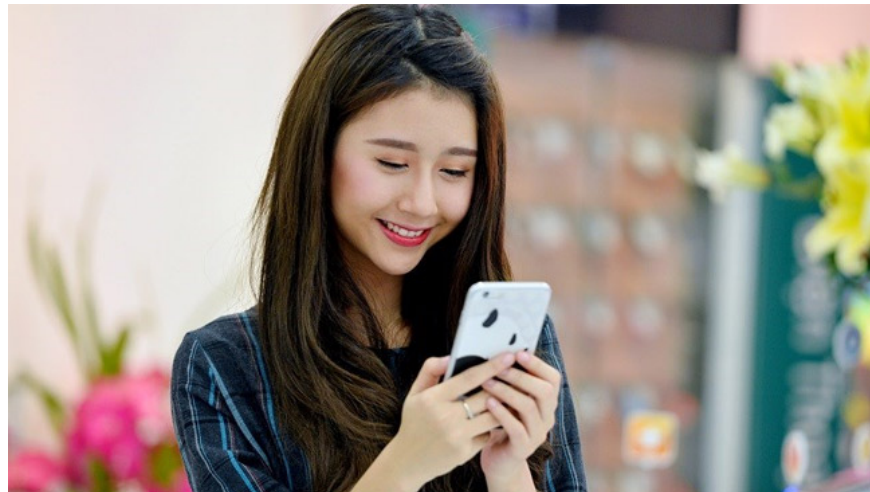

Why is Viettel Internet sim so special?

Viettel Sim Internet brings convenience in the process of use, in accordance with the fast, easy and effective criteria that customers want:

With the same nature as a 3G Viettel package, Internet sim Viettel access 3G on the phone also needs to load prepaid scratch cards like normal listeners. Accordingly, the system will automatically convert the value of the card loaded into high-speed data capacity and add to the account with the corresponding number of days of use without charging excess packages. This advantage enables customers to easily use the Internet faster, save time thinking and perform many operations.

Especially with Viettel Internet sim, users will not have to worry about charges incurred after running out of high-speed capacity, because the system will automatically switch back to normal speed and users can still use the Internet for free. "release station". Once a card is loaded, subscribers will be free to surf the net without having to register any more packages.

How to use Viettel Internet sim?

Using super cheap, 'super-cheap' and super-preferential '3 no' Internet sim, users only need to buy prepaid scratch cards and recharge them like any prepaid subscriber usually will have data immediately and the number of days used.

To recharge the card directly into data, users scratch the silver layer and enter the scratch card number below under the syntax: * **100** * **#OK** is okay. You can refer to the account conversion rate to free data capacity according to the table below.
