Determine the need before buying an orange extractor

This is quite important work to help you decide whether to buy orange extractor or not. If the frequency of your orange juice is not much, perhaps a versatile juicer would be more suitable for you.

If demand for orange juice is frequent, owning an orange extractor is essential.

How much does the orange extractor cost?

Orange extractor machine has many types with prices ranging from 200,000 VND to over 1 million VND. How much can you spend to buy an orange extractor? Please determine that before deciding to buy.

How much is the capacity of the machine?

Capacity is one of the decisive factors, so the quality of the orange extractor. Machine with large capacity will help squeeze orange faster and healthier. The orange extractors often have a capacity not too large because fresh oranges are easy to squeeze fruits. If you use it in your home, you should only choose machines with a capacity of 20-40W, and if used in restaurants, the machines with 60W capacity are more suitable.

Capacity of orange juice container

If used in the family, the capacity of about 500ml is quite appropriate, and if you use it for a restaurant, you can search for a type of capacity of 1 liter or larger.

Brand of the machine

A well-known brand, highly appreciated by many people will help you feel more secure when using. Philips, Braun and Steba are the 3 names most chosen by consumers today, not only because of their beautiful designs but their products are also of durable quality.

What kind of orange extractor is good between Philips, Braun and Steba?

1. Philips orange extractor

Philips is an extremely familiar name for consumers worldwide. In addition to the outstanding product lines such as oil-free fryer, microwave oven . Philips cam extractor is also welcomed by many people.

Philips orange extractors always have an eye-catching, modern design with safe ABS material.

Among them is the outstanding model: Philips HR2738 Orange extractor - Price: 570,000 VND

2. Steba orange extractor

Steba is a famous brand specialized in manufacturing and trading German household goods. With a history of over 100 years, Steba always brings high quality products to serve all essential needs of consumers.

Unlike other items such as ice cream machines, yogurt making machines or dehumidifiers . in Vietnam market, the Steba orange extractors are not very popular because of the high price of machines ranging from 1.5 - VND 2 million.

However, in terms of quality, you can completely trust Steba. If the economy is not a problem, the Steba orange extractor deserves to be present in your family.

3. Braun cam extractor

Being a famous German brand, it was established in 1921, currently in Braun under Gillette Group. In addition to home appliances, Braun is famous for being a fruit juicer.

Particularly with the orange extractor, this is also the brand that has the most diversity of models and types to help consumers have more options to suit their needs.

Braun's orange extractors often focus on mid-range and high-end segments. Most of them are equipped with a capacity of 350 - 1,000ml and a capacity of 20 - 50W.

Besides, Braun is also highly appreciated for design. Braun lines are always eye-catching with luxurious and easy-to-observe designs to help users control the amount of orange peel during use.
