

# What to do when being sniped remotely in Rules of Survival?

When you're in the middle of a loot, the player is easily attacked by snipers from above. So what to do when a sniper is found in Rules of Survival?

One of the things that any gamer needs to keep in mind when loot items in Rules of Survival is that you need to be aware of the surrounding because it is likely that the enemy will aim at it from afar, such as on rooftops, hilltops and Destroy you quickly. With 2 AWM or Barrett sniper rifles, your chances of survival will be minimal.

If the enemy uses more silencer guns, it is even more difficult to identify their position. Between shots that fire out one by one, the time between two shots, or the time it takes to replace the ammunition will be enough for you to escape before being defeated. ## How to escape when being sniped from afar in Rules of Survival

### 1. Hide behind the nearest obstacle

This needs to be done immediately when someone sneaks at you. If you are moving, immediately approach a house. Pay attention to the windows from the 2nd floor, 3rd floor or quickly see if there are enemies on the roof. Go close to the edge of the wall to avoid any potential attack from the enemy.

If traveling in many warehouse areas such as Echo Valley, Sirius Port, . then hide behind obstacles. In the case of the field, the edge of the forest lies on its stomach and crawls right up to the nearest tree, the rock.

## 2. Use healing items after hiding

All sniper weapons have great damage. Depending on the level of damage we need or not to use the healing items immediately, or choose to heal slowly and increase the movement speed over time.

## 3. Use smoke grenades to fool the enemy

Smoke grenades are used to deceive the enemy with a haze, helping you move out of the area of ??attack. If a gasoline bomb and explosive ammunition are used, you should only use it when it gets smaller. The enemies who are remote-striking with sniper rifles are relatively equipped, so if loot is an item, limit their confrontation.

If you are closer to the ring than the opponent, you need to distance yourself from the opponent, instead of approaching it to be attacked.

Being defeated by the sniper from the distance is inevitable in Rules of Survival. However, if you're lucky enough to avoid the opponent's first shot, quickly find a cover, then move to safer locations.
