

What to prepare for the summer trip

A successful trip usually begins with a list of prepared items to bring.

The holidays are April 30, May 1, and then there are summer holidays, this is a very appropriate time for you and your family to have an exciting vacation. These tours have become an indispensable part of our lives. Besides choosing the destination, what should you prepare to get a smooth travel, interesting experience, worthy of the time and money you have spent. Therefore, the following article will share with you the most necessary things for your trip.

1. Plan an exciting vacation

For any trip, the first thing you need to prepare is to plan the trip in advance, so that the trip can be smooth and a rich experience saves you time. and money.

If you choose to follow the tour, everything is quite simple, you don't need to schedule it to go, because companies will take care of the package for your trip. However, when you follow the tour you are forced to time by the tight schedule, eat and sleep, take a break, all day to "race" according to tour guides, at times like "riding a horse watching flowers" . You don't have the freedom to learn the places you love. Because of these things, today the trend of self-sufficiency in tourism is growing, we can choose the means to move, choose the places we want to go and can discover for ourselves, without being constrained by time. These self-sufficiency trips meet the individual's preferences, conditions and needs. Therefore, if you are a self-sufficient traveler, schedule and can book your flight tickets early to get attractive prices.

1. Essential things if you want to hunt for cheap airline tickets

2. Money and identification

These are indispensable things for us, which are not separate from each other. ID card, passport, driver's license, . it is best to prepare a photo copy that is both convenient and safe to avoid loss. Money is needed, but you should not bring a lot of cash, bring an ATM card and have some cash on hand. Tickets, tour guide programs, maps, lists of restaurants, restaurants, specialties, hotels, . related to your destination, .

3. Technology accessories

Besides the phone or camera, the memory card, camera tripod, backup battery charger . are also indispensable technological accessories for the trip, making the journey enjoyable and unforgettable. than.

Most digital cameras now use SD (secure digital) memory cards. This is a compact memory card that can be easily found on the market at a reasonable price. SD memory cards, which include SDHC (HC = high capacity) cards ranging in size from 4GB to 32 GB and XC = eXtended Capacity, are the latest generation with capacities

of 32 GB or more. SDXC appeared to serve the ability to record high-speed, high-speed video currently popular in PNS and DSLR cameras .

4. Capture the moments of the trip

1. 4 ways to take photos with rain give the picture more romantic part

Besides visiting and enjoying an interesting trip, don't forget to take a photo to save it as a memory of those trips.

Filming, taking photos are ways to save memories, many people apply at every trip. Today with smart devices with built-in recording and imaging capabilities and are available in our daily lives. However, in order not to encounter any troublesome issues related to keeping moments, you should check those devices.

5. Medications and sunscreens

Gastrointestinal drugs, cold medicines, fever reducers, sunscreen, . These are essential items for every journey.

6. The entertainment equipment for the trip is more exciting

The waterproof mini speakers or headphones, waterproof phone bag will help your journey more interesting, especially during sea trips. These items are better than others, but they will be very useful for your picnic more fun and attractive.
