What is a razor?

The shaver has an extremely compact design consisting of two main parts: a razor blade and a blade body. When shaving with a razor, you must use the force of your hand, helping to remove it quickly.

What is a shaver?

Shavers often use AA batteries or rechargeable batteries. The shaver is suitable for shaving many areas of body hair such as chin, mustache, nape, armpit and even shave hair.

The structure of the shaver is quite simple including: razor blade, body. The body of the camera is equipped with a motor, an on / off switch, and a battery charging port.

The shaver has a high mobility, easy to carry, gentle shave, smoothness without causing pain.

Evaluate the shaver and razor

The chart below will help you better understand the features of the shaver and razor to help choose the best product.

Criteria Shaver Shaving Design

The shape of the machine is round, elongated, easy to hold, high aesthetic.

Razor design with sleek design, easy to operate and convenient for carrying. Some razor lines can be folded down. **Active energy** Use regular batteries or rechargeable batteries. Use the force of the hand. **The blade**

The blade can be removed, customized to be close to the shaving face cleaner.

There is a self-sharpening mode, so it can last up to 2 years without changing.

The device also has a mustache trimmed blade, sideburns and sideburns.

The blade is removable, but it is not possible to customize the face as close as the shaver, so it is not clean. The blade must be replaced constantly.

Safety Using a shaver does not scratch the face, does not cause skin irritation even when close shave. Easily scratched, bleeding. When shaving or burning skin. **Prices** Price ranges from VND 195,000 - VND 3,000,000. Prices range from 5,000 VND - 500,000 VND.

Should a shaver or razor be used?

Shavers or razors are the two products most used by men for beard cleaning. Depending on the financial level or need, you can choose one of these two product lines.

You should use a shaver when:

1. Do not want to replace the razor blade regularly.
2. Want to shave gently, without pain.
3. Want to take advantage to cut bangs, trimmed mustache.

You should use a razor when:

1. Don't want to spend too much money.
2. Just use it once and then quit.
3. Can be used to shave wool coat, ruffled carpet .

So, through our analysis, you will definitely have your answer!

If you intend to buy a shaver, choose reputable brands like: Philips shaver, Flyco shaver, Panasonic shaver, Lanaform shaver.

I wish you a safe shave!
