

# What you see first in these 4 photos will reveal your personality traits

Let us discover what you saw first in these 4 photos, which will reveal your personality traits!

1. Choose the most stupid friend in the picture!
2. Funny science: The shape of lips can reveal your personality
3. 5 puzzles of young children that 95% of adults have to "twist their brains"

Psychological tests are usually based on the first thing you see in the picture. On the Bright Side page provides you with a similar test. It may not be " *correct* " but may reveal some interesting facts about yourself. Let us discover **what you saw first in these 4 photos, which will reveal your personality traits !**

## 1. What do you see?

1. If you see **a young woman** in the picture, you are optimistic and a bit impulsive. You can say you are a happy person.
2. If you see **an older woman**, you are a person with lots of experience in life. You tend to think critically and observe life's problems from many perspectives.

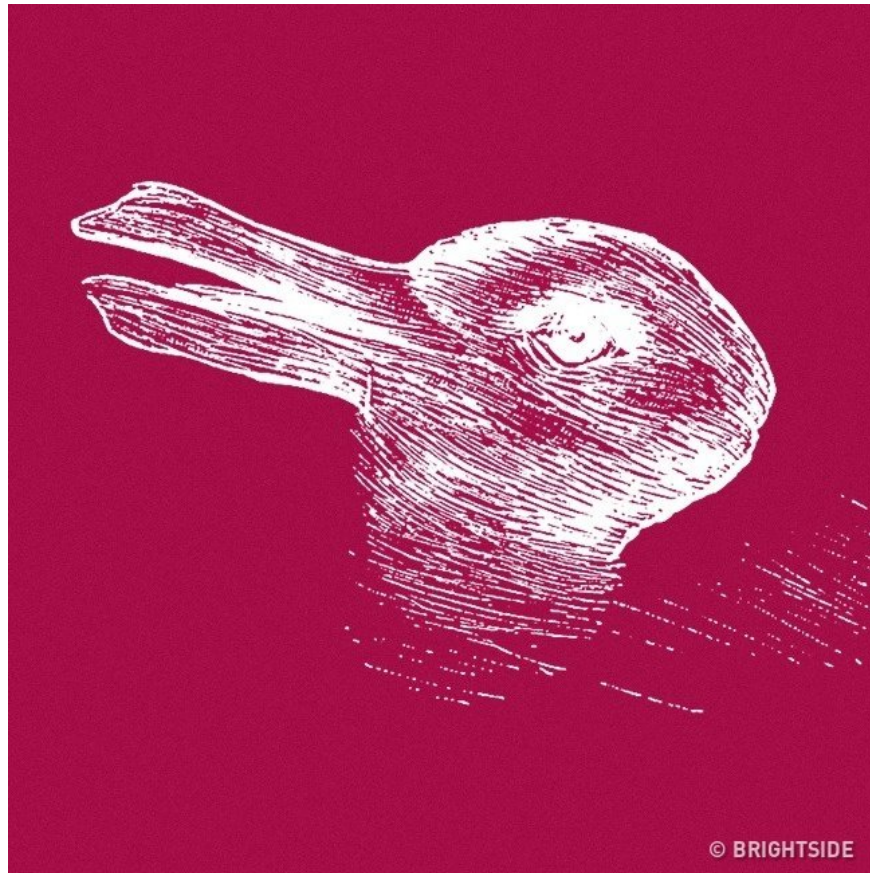

## 2. The skull bone or woman?

© wikipedia

1. **A skull bone** . You are a realistic and skeptical person. You understand that all good things in life are fleeting.
2. **A woman** . You are quite naive. You are not aware of threats or dangerous issues that are occurring.

## 3. Duck or rabbit?

© wikimedia

1. **A duck** . Your right hemisphere dominates the left hemisphere, meaning you are humane and affectionate.
2. **A rabbit** . Your left hemisphere dominates. You have good observation skills what you are paying attention to.
3. If you see **a duck and a rabbit** , you are creative. You have a strong imagination and can guess the implications behind it.

#### **4. Is the cat going up or down?**

© imgur.com

1. **Seems like the cat is climbing the ladder?** You do not pay attention to the details around. You are "*unorganized*" or naive. You believe in what you see and this makes you love life and free yourself from skepticism and anxiety.
2. **Is the cat walking down the stairs?** You are either a very caring person, or a person with great intuition. You pay attention to the details around and carefully examine important questions without relying on luck to solve them.
