

# What's special about the latest League of Legends update?

What's new in the latest version of League of Legends? Let's see the detailed information about this new update with Taimienphi.

**League of Legends update 14.21** was recently released, Taimienphi will share some highlights in this update.

## Information about the latest League of Legends update

### *1. General*

- Introducing Dark Star Zoe, Dark Star Kai'Sa, Dark Star Sylas, and Dark Star Yorick.

#### *Azir*

- Health regen and Attack Damage (AD) have been increased to improve Azir's effectiveness. While Azir is a difficult champion with a low win rate at many skill levels, he still needs support to compete better.

- Basic index:

- Health Regeneration: 5 => 7

- SMCK: 52 => 56

## ***Brand***

- To reduce Brand's power, especially in the support role, his energy regeneration and damage have been reduced.

- Basic index:

+ Energy Regeneration: 10.65 => 9

+ Explosion Damage: 9 - 13% (depending on level) maximum health (+2% per 100 AP) => 8 - 12%

- Energy Consumption: 50 => 70

## ***Camille***

- Camille received significant nerfs to her health and ability damage to lessen her dominance over the top lane. This gives her opponents more opportunities to counterattack while still maintaining her tank-killing nature.

- Base Health: 670 => 650

- W: Minimum Damage: 70/100/130/160/190 => 50/75/100/125/150

- E: Damage: 60/90/120/150/180 (+90% bonus AD) => 60/90/120/150/180 (+75% bonus AD)

- R: Bonus Damage: 5/10/15 => 4/6/8% Current Health

## ***2. Update ARAM***

- Updated ARAM mode, bringing a new map and powerful buffs from Piltover and Zaun.

## ***3. Mythical Shop and Main House Finishing Effect***

- Updated mythical shop, main house finishing effect and a new skin tier named Trac Viet.
