

# When asked 'Why should we choose you', this guy's unresponsive answer conquered Microsoft recruiters

When I went to an interview, many employers gave me a key question for the interview: Why should we recruit you? , will you answer that question coolly and satisfactorily to employers?

When going to an interview, many employers gave the candidate a low-key question for the interview: " *Why should we recruit you?* ", You will answer that question. Which cool and satisfied employers?

This question has been posted on the Quora forum (Quora is a perfect forum for asking questions and seeking answers. If the answers to your questions are too short, they will not be displayed.) Marketing, because the system will think your answer does not provide enough information, on the other hand, Quora really puts the quality of the answer first. And after posting, this question received a lot of interesting and interesting comments. Among those comments, the most prominent is the story of young Sumit Chaudhary when he talks about his internship interview with Microsoft technology giant.

The interesting story of Sumit Chaudhary during the interview at Microsoft received 600 thousand views and made many readers feel excited. Let's see how this guy's story is!

Interviewer: *So, Sumit, this is the last question for me. Why should we recruit you? Why choose Microsoft?*

- **I** : \* think a little \* *Yes, should I say the answer I wrote before or should I say the answer honestly?*

- **Interviewer** : *You can listen to both*

- **Me** : *I will start with the prepared answer.*

*Yes, I should recruit you because even though I don't have any experience, I have the ability to learn and work. And no matter what Microsoft expects from me, I will definitely complete my work with the most energy and hard work.*

- **Interviewer** : *Impressive. What is your honest answer?*

- **Me** : *Yes, 19 years ago, Microsoft created a Empire game. I'm sure you know it. And it's not just a video game.*

*It really requires players to think analytically, find the best combination and timing for their troops to win. Please, when I was really depressed last year, I used to play this game day and night.*

*I often treat the Empire as a challenge.*

*I study everything, I know all the troops and the best way to play for every map. This game not only helps me avoid doing stupid things, it also constantly trains my analytical skills. If I had chosen other habits to quell my sadness, I would have ruined my whole life.*

*Yes, I want to create something simple but great like Empire.*

*And that's why Microsoft should recruit you.*

*\* He laughed when I finished my short speech.*

**- Interviewer :** *Sumit I am definitely a creative person. Do you have any questions for us?*

**- Me :** *Can I choose?*

*He gave me the best smile and said, "On your side, yes, but we will have to consider your performance in previous technical tests . "*

*And that evening, Sumit's friend called him up and shouted, " There are already Microsoft recruiting results. You have been selected !!! "*
