Fingerprint timekeeper is one of the most commonly used timekeeper models today. So when **buying a fingerprint timekeeper** need to pay attention to? Where is the address of a genuine, cheap fingerprint timekeeper in Hanoi and Ho Chi Minh City reliable? Our article will work with you to learn more about these issues.

Things to note when buying a fingerprint timekeeper

In order to buy a timekeeper with a quality fingerprint, you need to pay attention to the following:

Memory capacity of timekeeper : Each type of fingerprint timekeeper is equipped with a memory with a certain capacity. The larger the memory capacity, the more timekeeper manages the more fingerprints and the number of IN / OUT times of employees. The company has many employees, it is necessary to choose a fingerprint timekeeper with a large memory capacity and vice versa.

Based on the number of employees to buy fingerprint timekeepers with suitable capacity

Fingerprint reader : Fingerprint reader is one of the most important parts of the fingerprint timekeeper. Inside the reader will have eyes read. Reading eyes are usually a type of sensor reader or optical sensor reader (higher class). When buying a fingerprint timekeeper, you should choose a type with a good sensor reader, resistant to abrasion and peeling.

Other features : Timekeeper now integrates quite a lot of different features such as USB connection, internet port, TCP / IP, alarm, data storage when a sudden power failure, . Not only that, Many products are also integrated with the function of other types of timekeepers such as card time attendance and face recognition. You need to see the needs of businesses to choose to buy the fingerprint time attendance line with appropriate features.

Fingerprint timekeeper is integrated with many different features

Brand : Only preliminary has more than a dozen different brands providing fingerprint timekeepers on the market. You should consult a product that has some of the most prominent brands and a thorough comparison before choosing. Some outstanding names that you can refer to like Ronald Jack, Wise Eye, ZKTeco, Aikyo, GIGATA, MITA, KOBIO, .

Price : Fingerprint timekeeper has popular selling price in the range of 1.5 million - 15 million VND. The higher the product price, the better the quality, the more intelligent features and vice versa. Please anticipate the budget to easily find the best type of fingerprint timekeeper.
