Should buy suitcases pull with what material?

The travel suitcase is made of many different materials, but the most popular is canvas drawers, plastic pull suitcases and leatherette suitcases. Each kind of suitcase has different advantages and disadvantages. You should consider carefully before making a decision on what material to buy a suitcase with.

1. **Fabric pull suitcase:** Mainly made of polyester or synthetic nylon fabric. This type of suitcase is usually designed to be compact and light in weight. In addition to being able to withstand heat, fabric drawers can add space, allowing users to store more luggage.
2. **Plastic pull suitcase:** Plastic suitcase is usually made of polycarbonate, waterproof cover, easy to clean and clean. They are quite diverse, with many different styles and colors, offering many options for users. Compared to canvas suitcases, plastic travel suitcases have a slightly larger weight.
3. **Leatherette suitcase :** Usually made of PU imitation leather, EVA backing sure. The faux leather suitcase is highly aesthetic, waterproof and very durable. Compared to plastic drawers and fabric drawers, leatherette suitcases are not as popular.

Plastic pull suitcase - one of the most popular drag suitcase today

Travel suitcase size pull

Types of suitcase sizes are now very form but most users often buy size 20 suitcases, suitcases size 24 and suitcases size 28.

1. Suitcase size 20 (also known as 5-inch suitcase): Designed with horizontal dimensions x width x height is 36.5cm x 25.5cm x 53cm. Maximum capacity of suitcase size 20 about 10kg luggage.
2. Suitcase size 24 (also known as 6-inch suitcase): There is a horizontal x width x height of 42.5cm x 28.5cm x 63cm. Maximum capacity of suitcase size 24 compartments 20kg luggage.
3. Suitcase size 28 (also known as 7-inch suitcase): There is a horizontal dimension x width x height of 48.5cm x 31.5cm x 73cm. A suitcase of size 28 can hold up to about 35kg of luggage.

Besides 3 types of suitcases above, there are many other suitcases for you to choose from such as size 18, suitcase size 22, suitcase pull size 26, .

There are many different suitcases on the market

Wheel number of travel suitcase

The suitcase is attached with wheels to help users to move easily and more conveniently. On the market, 2 types of semi-pull suitcases and 4-wheel-pull suitcases are arguably the most popular.

Two-wheel suitcase: The suitcase is equipped with 2 immersed wheels (only 1/3 of the wheel is open). When pulling a 2-wheel suitcase, you will need to use a little more power but in return it is very durable and can be moved on many different terrains, including rough places.

Suitcase with 2 wheels

4-wheel-pull suitcase: The suitcase has 4 wheels and can often move 360 degrees flexibly. This suitcase does not need to use much strength when pulling but it has the disadvantage of being easy to break (because of the open wheel design) and is usually only suitable for flat terrain.

4-wheeled suitcase

Price

Vali pulled almost at any price. The type of suitcase that draws low prices is only a few hundred thousand dong while the line of plastic suitcases, high-class suitcases and drawers can cost up to millions of dong. Because it is a long-term use, please prioritize good quality suitcases. While the price may be slightly more expensive, in return they will be more durable.

Trademark

Branding is one of the very important factors that you need to keep in mind when buying a travel suitcase. To buy quality products with cheap prices, you should and should only look for reputable brands. So which suitcase should I buy?
