Instead of confirming the best Maxcare massage chair, Tokuyo or Inada, we will offer a few advantages and disadvantages to help you have a more objective assessment of these 3 product lines.

Maxcare Japanese massage chair

Advantages

1. Luxury design: Maxcare massage chair owns luxurious and modern designs with various colors. Not only is the health care task, Maxcare massage chair is like an indoor furniture, contributing to the comfort of space.
2. Using smart roller system, bring simulation massage movements like human hands.
3. In addition to massage, Maxcare's products are also equipped with many other smart features, such as infrared heating system, automatic backward position sensor, relaxation mode with no gravity position.
4. Wide range of prices, products cover all 3 segments of low, mid and high-end prices.

Defect

Some Maxcare massage chairs also have a relatively large weight and size, which can make it difficult for users to move.

Maxcare massage chair

Japanese massage chair Inada

Inada massage chairs are specialists from Family Co., Ltd. Inada research and manufacture. To date, Inada products have been present in more than 60 countries around the world. Inada and Canada alone, there are 250 agents in Inada.

Advantages

1. Using 3D roller with infrared sensor, it is able to accurately detect acupuncture points, massage points of acupuncture points suitable for about 106 different body types
2. Inada massage chair has the ability to stretch the whole body, helping users quickly relieve joint pain, adjust the shape of the S shape.
3. Equipped with non-gravity massage mode, providing optimal relaxation experience. In addition, there are many other programmed massage programs available.
4. Meets TUV electrical safety standards.

Defect

The design is quite bulky so it will be difficult to use in small spaces. Besides, due to the large size and weight, users may have difficulty moving the Inada massage chair to another location.

Inada's products are priced quite high, mainly in the middle and high-end segments. Therefore, not all customers have access to Inada massage chairs.

Inada massage chair

Japanese massage chair Tokuyo

Tokuyo is a very famous brand in Japan established in 2001. After nearly 20 years of operation, Tokuyo has established a strong position with the market covering 30 countries around the world.
