

# Will Pantheon appear in the Truth Arena?

Some information about the new General Pantheon in version 9.17 Truth Arena

Pantheon - Dragon clan general - Guard will be the official general to appear in the upcoming version of Truth Arena 9.17 with the official gameplay video from Riot Games on Twitter. And promise that this will be a very strong general in the future.

In Pantheo's gameplay video introduced by Riot on Twitter, you can see Pantheon paired with Aurelion Sol and Leona to get a general buff with these two generals. In the System / Races column, you can also see the Dragon and Guardian Defense buffs active. It is also said that Pantheon will be a Dragon - Guardian.

So what about Pantheon's skills, this general possesses the ultimate move after Rework will "disappear" from the board. Next will deal magic damage - based on AP (like Aatrox when having a Witch Hat will increase the damage) in a large area.

According to this skill, Pantheon will be very aggressive when he can cast a spell before he dies (like Aatrox, enough mana, is ready to kill). Pantheon will temporarily disappear, causing him to not get hit by damage before falling to continue to damage and take damage from the enemy.

With this unique blow mechanism, Pantheon equips Angel Armor that will always deal at least 1-2 times if Yuumi is brought and has the same Witch buff as Aatrox.

Regarding team bonding, Pantheon with the Dragon race will definitely be a pair with Aurelion Sol, along with the 6-strong Magician team - especially with the Magic-resistant Dragon buff that will be very strong. So just add the tank to fight the Archer / Gunner.

For Guardians, Pantheon will go with Leona to increase damage for the Noblesse team, or it can be paired with Braum in the Gunner team - Ice Kingdom also increases damage.

Currently, Pantheon is not on the PBE test server yet, but the time for this general to appear will be soon. Let's see how Pantheon will confirm his position in the upcoming PBE Arena.
