

# With the power of 45 TOPs NPU – What can the ASUS Vivobook S 15 Copilot+ PC Laptop do?

## 1. With the power of 45 TOPs NPU – What can the Copilot+ PC ASUS Vivobook S 15 Laptop do?

*ASUS Vivobook S 15 Copilot+ PC Laptop is a thin and light Copilot+ PC equipped with the latest AI processor, providing next-generation AI experiences, with enhanced security technology, high speed and great personalization.*

Vivobook S 15 is ASUS's first Copilot+ PC laptop with efficient AI processing power from the Qualcomm Snapdragon X Elite processor with 45 TOPs performance NPU combined with 18 hours of battery life, creating a breakthrough for work and entertainment experiences.

The device has a thin and light design for flexible working ability as well as equipped with a Lumina OLED screen with top display quality. All the above factors together create a comprehensive AI laptop for users.

## 2. Experience the first Copilot+ PC with incredible AI power

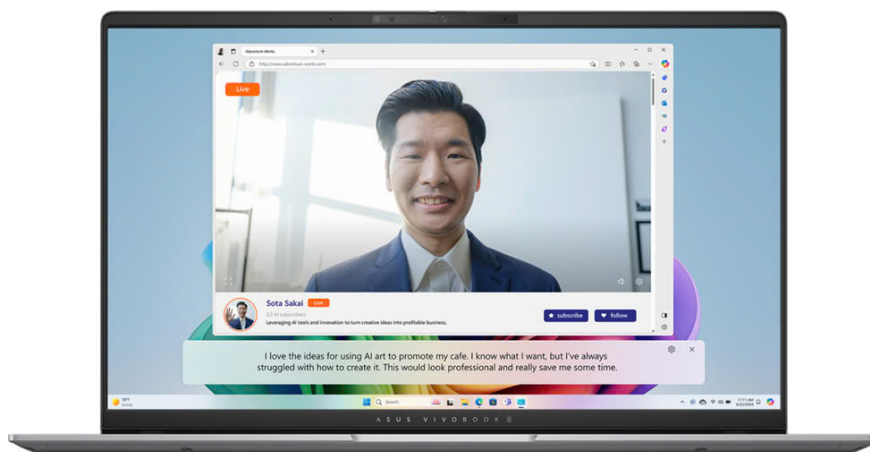

With built-in AI technology to accelerate AI computing, Copilot in Windows for personalized assistance, and a suite of powerful ASUS AI apps that make the difference easier, faster, smarter, and smoother.

ASUS Vivobook S 15 Copilot+ PC Laptop is equipped with a series of exclusive AI features of Copilot+ PC standard models such as Live Captions, Cocreator, Auto Super Resolution, Windows Studio Effects, Adaptive Dimming and Adaptive Lock. to help users speed up their daily work and entertainment. The Copilot feature in Window is your daily AI companion with smart assistant features and appropriate answers.

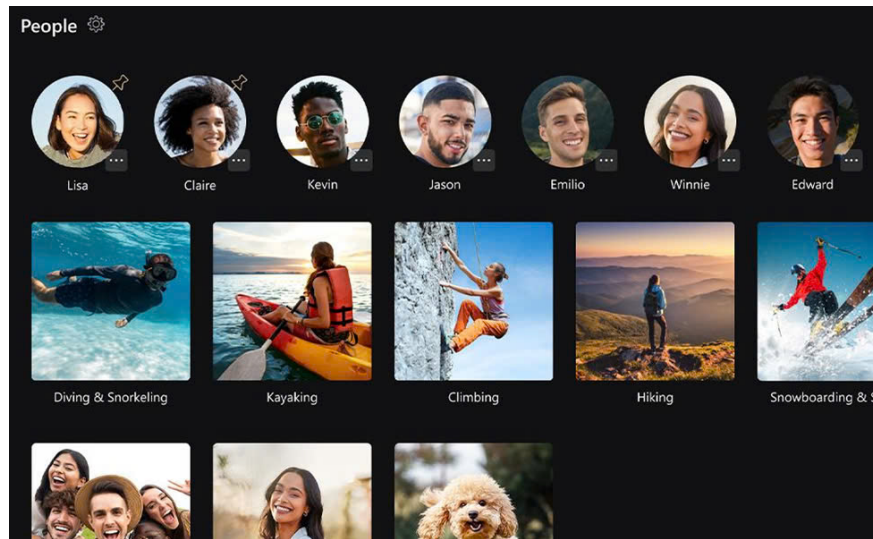

The Recall feature instantly searches for documents, emails or web pages you've browsed on your laptop, describing what you remember.

Live Caption lets you see accurate, real-time captions in videos or voice calls.

Co-creator feature helps you develop your imagination and creativity in Paint software

Other enhancements supported on this AI laptop include Windows Studio Effects and the ASUS AiSense IR camera. The webcam's presence detection enables 'Adaptive Dimming' — which dims the screen when the user looks away — and 'Adaptive Lock', which automatically locks the machine when the user leaves and unlocks it when they return. The ASUS Vivobook S 15 is also the first device to feature StoryCube's proprietary AI app as a smart, convenient way to manage all your digital assets, using AI to organize, edit, manage, and export captured raw files.

Leveraging powerful AI-powered hardware, ASUS Vivobook S 15 integrates advanced features such as Windows Studio Effects v2, which enhances light and noise removal during video calls in portrait mode. Camera, as well as incorporating live captions for accurate real-time subtitles.

### **3. Work on the go with a slim, lightweight design measuring just 14.7 mm and weighing 1.42 kg**

ASUS Vivobook S 15 has a very thin and light design but still retains a high-end look thanks to the use of metal materials. The device has a minimalist design language with a CNC-engraved logo that helps the device not become 'out of date' in the flow of time. In addition, the ASUS IceCool 2-fan cooling system also helps the TDP reach 45W, the highest among devices equipped with the Qualcomm Snapdragon X Elite processor today.

### **4. Premium visual experience with Lumina OLED display**

The ASUS Vivobook S 15 Copilot+ PC Laptop delivers premium audiovisual experiences for creativity and entertainment. The 15.6" 3K 120 Hz ASUS Lumina OLED display delivers vivid, lifelike colors. This flagship display features an ultra-wide 89% screen-to-body ratio, 0.2 ms response time, 100% DCI-standard color gamut, and VESA DisplayHDR™ True Black 600 certification. The Lumina OLED also helps reduce blue light levels with TÜV Rheinland certification. The highly durable display is protected by the exclusive ASUS OLED Care system, significantly reducing the risk of burn-in. In addition, the powerful Harman Kardon-certified audio system with immersive, multi-dimensional Dolby Atmos sound also provides a complete audiovisual experience.

ASUS Vivobook S 15 Copilot+ PC Laptop will be officially sold at retail agents nationwide with prices starting from 34.99 million VND.
