

1. Apple introduced iOS 13, supports dark background mode, opens apps twice as fast and many new features

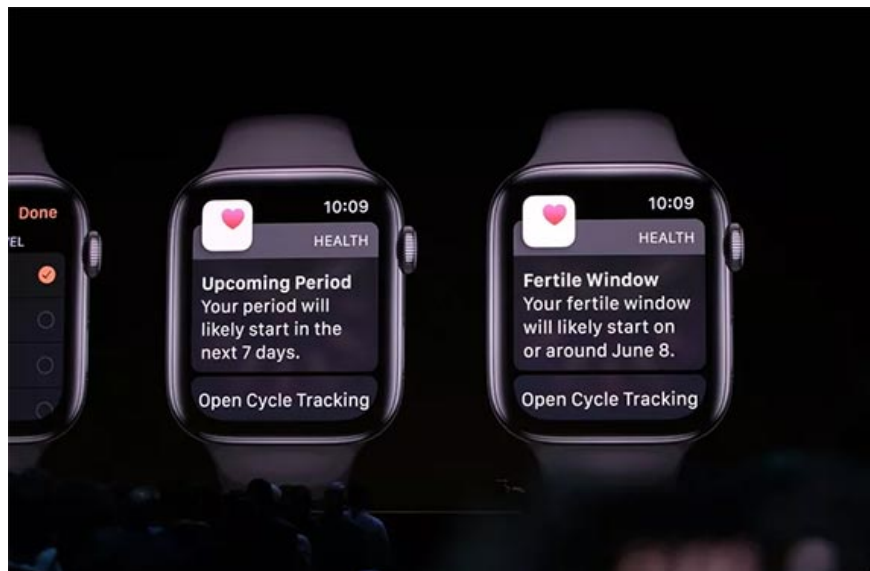

All the new application support features mentioned above will be supported by a genuine App Store that will appear in watchOS 6 version, while allowing you to browse, pay and download applications directly on the main his smart watch. Besides, Apple said that users can also download new software updates for the watch through this App Store.

Another information that we have heard so much lately is that Apple is planning to focus more on developing health features and applications on smart wearable devices. Therefore, it is not surprising that watchOS 6 has been added a few interesting health utilities such as a tool to help measure the ambient noise, thus giving advice to help you protect your hearing. better feeling. Also included is the extremely useful cycle monitoring feature called Cycles. This feature will allow women to track their menstrual cycle and receive notifications about their reproductive health indicators. At the same time, this feature will also be available on iPhone without having to use to Apple Watch. It is great to see Apple starting to pay more attention to developing reproductive health applications.

1. WWDC 2019: Apple officially unveiled the Mac Pro 2019, a new, more powerful design that starts at \$ 5,999.

watchOS 6 is being released to app developers this week and will be officially released to the public next fall. It will be available on all Apple Watch models from Series 1, but Apple notes that not all of these features will be available for all Apple Watch versions. In other words, some older Apple Watch models will still be updated to watchOS 6, but will not be able to use some of the new features mentioned above.

1. Apple officially launched its own operating system for iPad, multitasking features, support for reading files from USB, SD memory cards

WWDC 2019 officially opened on Monday, June 3 with CEO Tim Cook's brief speech and other executives at Apple. The event will take place within 4 days and close on Friday, June 7 here. Please pay attention to follow up.
