

Xiaomi introduced Mi Notebook Pro laptop with the 8th generation Intel Core i7 processor

At yesterday's hardware event, Xiaomi unveiled the product Mi Notebook Pro - its leading Windows laptop.

At yesterday's hardware event, Xiaomi unveiled the product Mi Notebook Pro - its leading Windows laptop. Xiaomi Mi Notebook Pro owns 15.6-inch screen protected by Corning Gorilla Glass toughened glass, 4-core Intel Core i7 processor, RAM dual channel up to 16 GB and 1 TB SSD. Xiaomi has also integrated NVIDIA GeForce MX150 discrete graphics card in this notebook. To keep the laptop cool when running high loads, Xiaomi has designed a larger cooling system. Besides, this product also supports fingerprint sensor for Windows Hello authentication.

Compared to the MacBook Pro, Mi Notebook Pro has a keyboard larger than 19% and has a spacious layout. Standardly sized navigation keys and function keys allow users to experience comfortable typing.

On the front of the connector, Mi Notebook Pro is equipped with a 3-in-1 SD card slot, two USB Type-C ports, an HDMI port, 2 USB 3.0 ports and a 3.5mm headphone jack. In addition, the device also has a 60 Wh battery with high battery life that comes with a fast charger. It can load 50% battery in just 35 minutes.

Product price details:

1. Model with core i7 / 16GB RAM processor - RMB 6999 (1075 USD)
2. Model with core i7 / 8GB RAM processor - RMB 6399 (981 USD)
3. Model with core i5 / 8GB RAM processor - RMB 5599 (USD 859)
