

Xiaomi launches the beautiful racing game Speed ?? Legend: Racing Game 2019, completely free

Currently, this game is available on Google Play and completely free.

Speed ??Legend is a racing game just released by Xiaomi via the developer Puppets Game. Currently, this game is available on Google Play and completely free. You can visit the link below to download and experience.

1. Speed ??Legend: Racing Game 2019 on Google Play Store

Speed ??Legend racing game is inspired by Asphalt 8 with many customization and adjustments. In the game, players will experience 27 supercars with many single-player, multiplayer modes such as Classic, Elimination, Room. In the near future, Xiaomi will add two new modes Time, Item for Speed ??Legend.

During the game, you can receive in-game items. There are four control modes for players to choose and change while playing: tilt, virtual steering, one button and two-button mode.

Speed ??Legend has a ranking system, and different tournaments so that players can compete with different opponents.

If you've ever played through Gameloft's Asphalt 8 game, Speed 2: Legend will not be difficult for you because these two games are very similar from controls, graphics, maps to nitro. The main difference is that Speed 2: Legend has more multiplayer modes.

1. Microsoft Flight Simulator 2020: The 'super awesome' game with a capacity of up to 2,000,000GB, the heaviest in human history
2. Call of Duty Mobile officially became the most popular mobile game today
