

# **Xiaomi offers a battery replacement service for its smartphones at extremely discounted prices**

Unfortunately, this program is only applied in China and it is not clear whether Xiaomi intends to deploy in other markets.

A few days ago, Xiaomi announced that it would begin a month of service relief starting March 1. The main purpose is to provide users of Xiaomi's smartphones and home appliances with a number of services such as free cleaning, maintenance and disinfection.

Recently, the company has said it will open a battery replacement service for some smartphones for only 49 yuan (about 165,000 dong) in China. It is known that the service month will last from March 1 to the end of March 31, 2020.

Xiaomi launches a battery replacement program for only 49 yuan (about 165,000 dong)

During this period, users can bring Xiaomi products for cleaning, disinfection (using ultraviolet rays to disinfect surfaces) and free maintenance, as well as replacing batteries for smartphones for only 49 NDT.

According to the previous plan, the battery replacement service of 49 yuan will be applied to Xiaomi Mi 8, Mi 9, Mi MIX 2, Mi MIX 3, Mi MIX 2s, Mi MAX 3, Redmi 6 and even phones. is both Redmi 6A.

Replace the battery for Mi 9

In the latest announcement, Xiaomi said it will add 15 new models to this program, including Mi 8 SE, Mi 8 Explorer Edition, Mi 8 Youth Edition, Mi 8 Pro, as well as Mi 9 SE, Mi 9 Pro 5G and Mi 9 Explorer Edition.

It is known that 49 yuan (~ 165,000 VND) is the final fee that users have to pay to replace the battery, including the cost of components and replacement parts. In addition, Xiaomi will not charge any other fees from users.
