3. **2 simple ways to clean the touch screen phone, tablet**

1. Prepare

1. Baking soda
2. Lemon essential oil
3. White vinegar

Tip: You should clean the dishwasher once a month to ensure safe hygiene.

2. Steps to take

Step 1:

Remove the bottom rack then use a white vinegar sprayer to spray inside the dishwasher.

Step 2:

Use a clean, soft cloth to clean the inside of the dishwasher.

Step 3:

Reset the rack at the bottom of the dishwasher to the old place. Then you pour a cup of white vinegar inside.

Step 4:

Add a cup of baking soda to it. In addition, you can add 3 drops of lemon essential oil to deodorize dishwashers.

Step 5:

Turn on the dishwasher with the **Light Wash** button. So you've finished the steps to clean the dishwasher!
